No matter what you choose, you'll add spark to your content. The option to modify these themes makes it an even more robust and powerful tool because you can customize themes based on your needs and preferences. The styles are fill variations based on theme colors. Enter a name for the new theme font combination. Click Save. Modifying themes To switch to a different theme font option: Select the Fonts command in the Themes group on the Design tab. PowerPoint includes built-in themes that allow you to easily create professional-looking presentations without spending a lot of time formatting. Select new fonts using the drop-down menus. Hover over a color group to display a live preview of the color combination on the selected slide. Themes Download the example to work along with the video. Click the drop-down arrow to access more themes. Hover over a theme to see a live preview of it in the presentation. All of the themes that come included in PowerPoint are located in the Themes group on the Design tab. The background style options for the Urban theme are different from the background style options for the Apex theme. These templates for PowerPoint feature multicolored ribbons that give your presentation movement and energy. The name of the theme will appear as you hover over it. In this lesson, you will learn how to apply a theme; how to modify theme colors, fonts, and effects; and how to apply a background style. Or go hold with the Badge design or Berlin design PowerPoint templates. Hover over a font group to display a live preview of the font combination on the selected slide. Click a style to select it. There are also PowerPoint template themes that suit fields of study or industries. Browse a collection of different designs for PowerPoint, including the Vapor Trail theme and many more. If you apply the theme after entering text on the slides, the text boxes and placeholders may move, depending on the theme you choose. An advantage of entering some of your text before applying a new theme is that the live preview feature allows you to see how the themes will affect your specific text. Click a theme to apply it to the slides. Click a color option to display a color menu. To change the current theme fonts: Select the Fonts command in the Themes group on the Design tab. Click Create New Theme Fonts. About themes A theme is automatically applied when you create a new presentation in PowerPoint, even though the slide background is white. The Office Theme consists of a white background and Calibri font of various sizes for titles and body text. To switch to a different theme effects option: Select the Effects command in the Themes group on the Design tab. Each image represents a theme. Select an effect option from the menu. Fonts that are changed with the font size and style menus will not change when you apply a new theme. The example below is the Aspect theme. Enter a name for the new theme color combination. Click Save. Click a font option to select it. Looking for a clean, modern feel? A menu will appear. /en/powerpoint2007/pictures-and-clip-art/content/ Each theme has additional background styles associated with it that can be applied to the slides to modify the theme. Apply the Urban theme to your slides. Change at least one of the theme color options. Change to a new theme font. For example, if you like the Urban theme but would prefer to use more red in your presentation, you can change the colors of the theme and create a new custom theme. The colors are different based on the theme colors. You can select Format Background from the menu to open a dialog box and make changes to the background color. Try the Celestial PowerPoint theme for a science or astronomy-related presentation. Modifying themes You can also modify the current theme colors, fonts, and effects. You can access additional themes on Microsoft Office Online or create your own. Choose a color to change the option. This default theme is called the Office Theme. Themes for PowerPoint are free, so you can experiment with many PPT themes to find the style that works for you. Plan and track your money with our personal finance templates. Featuring attention-grabbing graphics and a range of layout options, these PowerPoint theme templates add impact to your content to more fully engage your audience. Or, for a fashion or floral presentation, use the elegant Savon design template for PowerPoint. To change the current theme colors: Select the Colors command in the Themes group on the Design tab. Click Create New Theme Colors from the menu. To switch to a different theme color option: Select the Colors command in the Themes group on the Design tab. You can apply a different theme to your slides before adding text or making changes to the default slide. If you would prefer to use the Verdana font style so your presentation font will match your company logo and materials, you can modify the font combination and save it. PowerPoint themes are powerful because they allow you to create professional-looking slides easily. /en/powerpoint2007/text-basics/content/ Introduction A theme is a predefined combination of colors, fonts, and effects that can be applied to your presentation. Challenge! Use the Workshop presentation or any other PowerPoint presentation you choose to complete this challenge. Themes You will need to know how to apply a theme and switch to a different theme if you want to use this feature to create presentations. The new background will appear in the slides. For something with a more retro vibe, check out the Wood Type theme PPT, with its classic letter stamp image. To apply a background style: Click the Background Styles command in the Background group on the Design tab. Click a color option to select it. An advantage of doing this is that the location of the text will not move. To apply a theme: Select the Design tab. Locate the Themes group. Background styles Background styles can be added to your slides after a theme is applied. Give your presentations a boost with Microsoft PowerPoint templates. DOWNLOAD THE TEMPLATES NOW. When you switch to a different theme, the background styles are updated based on the new theme colors. A dialog box will appear.
